SUGAR, FLOUR, MILK, CEREALS DROP IN PRICE

RETAIL PRICES DROPPING

Reduction in Five Principal Lines of Grocery Trade Is Reported.

San Francisco—Prices of the five principal lines of the grocery trade—sugar, flour, canned milk, rolled oats and cereals—are fairly "tobogganing," as Secretary Frank B. Connelly of the Retail Grocers Association has it. His forecast of general decline, issued last Monday, was fulfilled Tuesday when the San Francisco wholesale market showed falls of \$1.00 a hundred pounds in sugar, 40 cents a barrel in flour and 90 cents per 100 pounds in rolled oats, cornmeal and cereals. As for canned milk, the 50-cent-a-case wholesale rate of last Saturday found general reflection in the retail market.

Tuesday's wholesale decline in sugar, as Connelly interprets it, will mean a lowering to 19 1/2 cents a pound retail for cane varieties from the present price of 17 cents before the end of this week, and for beet sugar a retail price of 15 cents a pound, effective in many stores today and generally operating before next Saturday.

"And pretty soon we will buy sugar in the stores at 9 or 10 cents," Connelly added. "Foreign countries that have glutted the American market in anticipation of wholesale returns at \$25 a hundred pounds have been jarred badly and have started to set up a howl about it."

The flour drop was reflected immediately in the retail trade, and the following prices now rule: Forty-nine-pound sacks, \$3.73; 24-pound sacks, \$1.92; 10-pound sacks, 83 cents; five-pound sacks, 43 cents.

Labor Unions' Big Session at Fresno Stormy

Fresno—Resolutions demanding restrictions of all alien immigration, abolition of state wage commissions, freedom for Ireland and India, will be voted upon by the California State Federation of Labor in convention here, it became known Tuesday, when committees were appointed and delegates submitted resolutions and proposed legislation.

Appointment of committees followed a stormy morning session given over to a fight on the findings of the committee on credentials over the seating of the R. B. Stickle faction of oil workers. This was considered an administration victory.

Whether the administration of President Daniel Murphy and Secretary Paul Scharrenberg will be attacked by an opposition slate of officers will develop Wednesday when nominations will be made. Both Murphy and Scharrenberg are candidates for re-election.

Other resolutions to come before the committee on resolutions include one charging the Better America Federation with being anti-union, and another to place San Francisco harbor under municipal jurisdiction.

CONWAY-RODECK

The marriage ceremony of Miss Harriette Conway, sister of Mrs. Ralston Alison, and G. Ben Rodeck was celebrated at the Christian church in Carrolton, Mo., the bride's home, at 2:30 o'clock, Wednesday afternoon, September 29, the Rev. G. L. Bush reading the ring service.

The pulpit was massed with tapers of yellow chrysanthemums, palms and foliage and lighted with cathedral candles, arranged in candelabra.

Miss Sara Hale, accompanied by Mrs. Charles Woodlan, sang "Until" by Sanderson.

To the strains of the Lohengrin wedding march played by Mrs. Woodlan, the bridal procession marched to the altar. The bride was accompanied by her father, her sister, Miss Mary Conway, acting as maid of honor. The groom was attended by Mr. Smith Atwood. The bride carried a beautiful shower of bride's roses and lilies of the valley, and wore a going-away suit of dark brown velveteen trimmed in Russian wolf, with a hat of gold-metal cloth embroidered in shades of brown.

Miss Conway wore a gown of black chiffon velvet with a hat of the same trimmed in uncurled ostrich. She carried a bouquet of sunburst roses and ferns.

The ribbon bearers were Miss Josephine Hale, Mrs. John Minnis, Mrs. Lynn Norris and Mrs. Robert Benson. The ushers were Mrs. Robert Stout, Mrs. Robert Berry, Mrs. Grover Jones, Mrs. Harry Thomas, Mrs. James Kelly, Misses Ruth and Lois Cabell.

Mr. Rodeck is the only son of Mr. and Mrs. S. G. Rodeck, one of the old time families of the valley. He has grown up in Campbell and has a host of friends who wish the happy couple much joy and happiness.

They left for Kansas City and other points west shortly after the ceremony and arrived at Campbell Wednesday. They rented the Miracle cottage on Rincon avenue recently vacated by Mr. Snow and will take up their wedded life in our midst. May joy be their lot thru life.

The program for the band boys benefit "Harvest Festival" to be given Friday evening, Oct. 15th, has been arranged by the committee in charge, Mrs. C. W. Toles and Mr. S. N. Hedegaard. Several numbers will be real treats in themselves beside the movie. The program is as follows:

Miss Emelyn Beattie rendered several pretty piano solos and Mrs. Maud Hyde and Miss Florence Kennedy sang for their friends during the evening. Mrs. Farley expects to leave for her home at Fort Worth Monday.

CAMPBELL CANNERY CREW CELEBRATES

As a fitting finale to the canning season for the "big happy family" at the Geo. E. Hyde & Co. plant, all hands joined in a most enjoyable social farwell party. The cutting department had been cleared of tables and stools and the floor thoroughly cleaned for the dancers. The room had been very prettily and tastily decorated with pepper bows, red and green streamers and Japanese lanterns. A piano was provided and prettily draped tables were loaded with dainty refreshments.

About 300 of the employees and their families were present and all report a time of their life that will long be remembered.

By way of an informal program several impromptu numbers were given by those present.

Solos were sung by Mr. John Thomas, Mr. J. Rodriguez and Mr. Wm. Devitt and Miss Zelda Vierra, which were well received. Miss Cecile Ellison who has favored Campbell music lovers with her art many times gave several pretty violin numbers.

A much enjoyed boxing bout was given by "Uncle Sam" McAbee and Edward Lang as a novelty stunt.

During the evening coffee, cake, doughnuts and ice cream were dispensed to those present. The music for the dancers was furnished by the Alveras orchestra. Those who did not dance were busy with games and other amusements. Much credit is due the forewomen, who managed the affair so efficiently. The "happy family" thoroughly appreciate the privilege afforded them by the company assisting so generously.

Mrs. M. Lanphear, Mrs. E. R. Kennedy and Mrs. R. Alison were appointed to solicit for signatures of petitioners for the installation of a gas system in Campbell.

LEAGUE SHOWER

Last Friday evening the Epworth League social took the form of a surprise shower for Miss Beth Hall at the home of Lucile Alison. Miss Mary Lewis planned the games and everything was so completely arranged that it was quite a surprise to many to see Miss Hall bring a package for the auction as others did. These packages were sold to the bidders for beans with guesses as to contents. When time came to open them, Miss Hall was selected as chief opener only to find they were articles for her kitchen. Donna Snapp sang a solo which was much enjoyed. The refreshment committee was highly complimented for its part in the evening's enjoyment.

It will be in the nature of a reception to the teachers of both Campbell schools and of the neighboring districts, with the school trustees of the same schools, and also the mothers of the San Tomas district, and of those who have children attending the high school.

A new feature of the club this year is the high school department which it is hoped will be a great success. There was some discussion last year of organizing a High School P. T. A. but it seemed undesirable and this year a combination club is planned and the former members of the grammar school organization earnestly invite the attendance and cooperation of the high school mothers.

CHAS. L. WATROUS

Chas. L. Watrous, father of
Harry Watrous, died at his home
in San Francisco on Oct. 4. Mr.
Watrous was the son of Capt.
Watrous of New London, Conn.,
and in his youth sailed with his
father to all parts of the world
and encountered many thrilling
adventures among savages and
cannibals.

During the civil war he served
on the commandeered yacht "The
Chase," which was used as an
ordnance boat delivering sup-
plies to the Wilmington prisons.
Many times Hobson, the daring
northern spy, was on board.

Mr. Watrous came to Califor-
nia in early days and engaged in
farming in Contra Costa county,
on which the city of Richmond
now stands. After his ranch was
divided into city lots and sold, he
retired and spent the greater
part of his time at his
"Cozy Nook" bungalow at Inver-
ness, Marin county.

His genial personality and
wonderful sea stories made him a
great favorite among old and
young wherever he went. Besides
his widow, three children survive
him, Mrs. Maude E. Dryden, of
San Francisco, Harry A. Wat-
rous, of Gilroy, and Daniel E.
Watrous, of Fresno. A daughter,
Mrs. Mae Campbell, died two
years ago of influenza.

The deceased gentleman was
known to many of the friends of
Mr. and Mrs. Harry Watrous,
having visited at their home,
when they were residents of
Campbell, and they extend their
sympathy to Mr. Watrous in his
sorrow.

Owing to illness, the W. C. T.
U. meeting announced for next
Wednesday at the home of Mrs.
C. E. Case will be held with Mrs.
M. J. Wilson on Campbell ave.

IRRIGATION

In these days
of high prices
and ever increasing costs
water is the greatest
of the farmer's worries

His crops and fruits
need it constantly
plenty of it
at the right time
and in the right place

Many a crop
that would have been good
has gone to waste
for want of water
at the critical time

The usual way of irrigating
is what is called
the wasteful way
because it wastes
your water your labor
and your time

The wasteful way
is the open ditch
where the water
is exposed to the sun
and where idles along
seeping into the ground
wasting through squirrel holes
and keeps continually
breaking through the banks
and flowing over ground
where it is not needed

The Merritt System
of irrigating
has eliminated all this waste
and lifted irrigation
to the highest point
of efficiency

The Merritt System
is based on years
of study and experience
with irrigating conditions
and the hundreds
of satisfied owners
is sufficient proof
of its success

The first step
in the Merritt System
is to make
a topographical survey
of the land which is
to be irrigated

From this is made
a blue print which shows
the elevation of ground
and from this
our engineers determine
how best to get the water
to the proper place
in order to distribute
in the most efficient
and economical way

Our concrete pipe
is then laid
by skilled hands
along the lines
indicated by the engineer
and his blue prints

Thus the water
is carried to a point
where it can be
most advantageously distribu-
distributed

It saves time
saves labor
saves water
saves money
saves worry

Drop us a card
or get us
on the telephone
and let our engineer
go over your land
and show you
how we can
irrigate your place
for more economically
than
are now doing
